REGULAR PACKET.

The new light draught and substantial steamer,

LAMA.

CALDWELL MASTER.

Will run this season as a regular PACKET BOAT, between the different ports on the Tallahatchie river and New Orleans.

Having been built expressly for the navigation of second and third class rivers, she is thought by all who have seen her to be as well adapted to this trade as any boat that has ever been in it.

The proprietor does not hesitate in assuring the public that she is as safe as any boat.

Being entirely new, and built by the best of workmen, and of the best timbers, her hull and machinery is not inferior to any afloat.

She can carry about 800 bales of cotton. For freight or passage apply on board or to Hunt & Co., agents.

THE PIONEER MAGAZINE OF AMERICA.

GOODEY'S MAGAZINE AND LADY'S BOOK FOR 1845. The best earnest publisher can give of what he can and will do next year is a reference to what he has done last year, or at any time in the last fifteen years. Under this view of the case it would be quite sufficient for our many purposes for us to say that the high character of this magazine for literary and artistic merit will be properly sustained. But we are aware that the rapid and dazzling succession of novelties which we have brought forward within the last few years naturally excites a lively curiosity, and every subscriber is saying to himself what will it do next.

It is merely with a view to gratify this curiosity on the part of our friends that we now proceed to enumerate some of the features of our next year's magazine, promising, however that the enumeration must necessarily be partial and incomplete, from our unfavorable practice of seizing upon every new and brilliant form of embellishment the moment it comes before us, as well as securing the services of all the most talented and experienced writers of the moment for characters and events of the hour.

The honor of bringing forward first-rate genius into public notice, in favor, and serving as a sort of prime conductor to elect a flash which send their light through the whole Union, has become quite habitual to the Lady's Book, our original idea of illustrating American history by views of battle-grounds we have brought forward within the last few years naturally excites a lively curiosity, and every subscriber is saying to himself what will it do next.
